FOR YOUR

ORGANIZATION

Are you between 13 and 17?

Do you give back to your community? Who or what motivates you to give?

We want to hear from you!

Some kids are made fun of for wearing old clothes + this bothers me a lot. So, I had this idea that I could make dyed t-shirts for those kids that don't have the money to buy something new. Fashion makes you more confident + I want everyone to be able to stand proud. - Kenny

I care about our planet and share with my Instagram followers ways to help preserve and care for it. I also care about animals and share that, too. By using cruelty-free products, reusable items (bags, straws, utensils; etc), we can all help when it comes to the Earth and our furry friends. - Liana
